

COMP1531 Assignment

VICTOR + DEAN + STEPHEN

*1SP = 2.5HR

*Priority is on a qualitative scale - low, medium, high.

EPIC STORIES

1. **As a customer, I would like to be able to select my complete meal online so that it saves my time.**

ID	US 1.1
Name	Customer Create Main Meal
Description	As a customer, I would like to be able to create my burger or wrap so that I can make the burger or wrap that suits me.
Acceptance Criteria	<p>Test - A customer is able to click the “Mains” button and begin a step-by-step process of creating their burger or wrap one at a time. The process includes bun type and quantity, the patty type and quantity, other ingredients (tomato, lettuce, tomato sauce, cheddar cheese, swiss cheese) and their respective prices. The customer is able to progress through each step by clicking the “Next” button if the order is valid. After all steps, the customer can click “Order” to add the created burger or wrap to their cart.</p> <p>Test - If the order has an invalid number of buns or patties, the customer will be directed to the top of the ordering page with an error message containing:</p> <ol style="list-style-type: none">1. The item that is invalid and the quantity ordered;2. The reason why it is invalid; and3. How to rectify the order. <p>An example would be, “4 beef patties invalid. Too many beef patties. Maximum 3 beef patties. Please try again” One error message will appear for each invalid item.</p>

	<p>Test – If at any step of ordering a burger or wrap, a food item is unavailable, then that item will not be available for the customer to input a quantity to order that item.</p> <p>Test - If <i>Gourmet Burgers</i> does not have enough inventory to satisfy the order, the customer will be directed to the top of the ordering page with an error message containing:</p> <ol style="list-style-type: none"> 1. Which item exceeds inventory; and 2. How many of the item <i>Gourmet Burgers</i> has in store. <p>An example would be, “Not enough beef patties: we only have 5 beef patties. Please try again”. One error message will appear for each item <i>Gourmet Burgers</i> does not have in stock.</p>
